

Bootstrap: List Groups

Basic example

List groups are a flexible and powerful component for displaying not only simple lists of elements, but complex ones with custom content.

donec et odio
integer enim neque
sagittis aliquam malesuada
purus gravida quis
dui ut ornare

```
<ListGroup>
  <ListGroupItem><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem><LoremIpsum query='3w' /></ListGroupItem>
</ListGroup>
```

Badges

Add the badges component to any list group item and it will automatically be positioned on the right.

fringilla ut morbi	14
ipsum suspendisse ultrices	2
pellentesque diam volutpat	3
sed risus pretium	4
id diam vel	5

```
<ListGroup>
  <ListGroupItem><Badge>14</Badge><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem><Badge>2</Badge><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem><Badge>3</Badge><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem><Badge>4</Badge><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem><Badge>5</Badge><LoremIpsum query='3w' /></ListGroupItem>
</ListGroup>
```

Linked items

Linkify list group items.

--

enim nulla aliquet	14
nunc sed augue	2
enim facilisis gravida	3
ultricies integer quis	4
ut sem viverra	5

```
<ListGroup>
  <ListGroupItem active><Badge>14</Badge><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem><Badge>2</Badge><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem><Badge>3</Badge><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem><Badge>4</Badge><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem><Badge>5</Badge><LoremIpsum query='3w' /></ListGroupItem>
</ListGroup>
```

Disabled items

Add disabled to a ListGroupItem to gray it out to appear disabled.

vitae congue eu	14
viverra aliquet eget	2
aenean vel elit	3
ut sem viverra	4
nisi lacus sed	5

```
<ListGroup>
  <ListGroupItem disabled><Badge>14</Badge><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem><Badge>2</Badge><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem><Badge>3</Badge><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem><Badge>4</Badge><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem><Badge>5</Badge><LoremIpsum query='3w' /></ListGroupItem>
</ListGroup>
```

Contextual items

Use contextual classes to style list items, default or linked. Also includes active state.

sit amet nisl	14
adipiscing enim eu	2
odio ut sem	3
lectus mauris ultrices	4

```
<ListGroup>
  <ListGroupItem success><Badge>14</Badge><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem info><Badge>2</Badge><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem warning><Badge>3</Badge><LoremIpsum query='3w' /></ListGroupItem>
  <ListGroupItem danger><Badge>4</Badge><LoremIpsum query='3w' /></ListGroupItem>
</ListGroup>
```

Custom content

Add nearly any HTML within, even for linked list groups like the one below.

List group item heading

Imperdiet proin fermentum leo vel. Risus ultricies tristique nulla aliquet enim tortor at.

List group item heading

Consectetur libero id faucibus nisl tincidunt eget nullam non. Semper risus in hendrerit gravida rutrum quisque non.

List group item heading

Sagittis vitae et leo duis ut diam quam. Curabitur vitae nunc sed velit.

List group item heading

Eu tincidunt tortor aliquam nulla facilisi cras. Nibh mauris cursus mattis molestie.

```
<ListGroup>
  <ListGroupItem active>
    <ListGroupItemHeading>List group item heading</ListGroupItemHeading>
    <ListGroupItemText>
      <LoremIpsum query='2s' />
    </ListGroupItemText>
  </ListGroupItem>
  <ListGroupItem>
    <ListGroupItemHeading>List group item heading</ListGroupItemHeading>
    <ListGroupItemText>
      <LoremIpsum query='2s' />
    </ListGroupItemText>
  </ListGroupItem>
  <ListGroupItem>
    <ListGroupItemHeading>List group item heading</ListGroupItemHeading>
    <ListGroupItemText>
      <LoremIpsum query='2s' />
    </ListGroupItemText>
  </ListGroupItem>
  <ListGroupItem>
    <ListGroupItemHeading>List group item heading</ListGroupItemHeading>
    <ListGroupItemText>
      <LoremIpsum query='2s' />
    </ListGroupItemText>
  </ListGroupItem>
</ListGroup>
```
