

Bootstrap: Selects

Use the default option, or add `multiple` to show multiple options at once.

1

1
2
3
4
5

```
<Select>
  <option>1</option>
  <option>2</option>
  <option>3</option>
  <option>4</option>
  <option>5</option>
</Select>
<Select multiple>
  <option>1</option>
  <option>2</option>
  <option>3</option>
  <option>4</option>
  <option>5</option>
</Select>
```

Bootstrap: Control Sizing

Set heights using properties like: `lg` and `sm`

1

1

```
<Select sm>
  <option>1</option>
  <option>2</option>
  <option>3</option>
  <option>4</option>
  <option>5</option>
</Select>
<Select lg>
  <option>1</option>
  <option>2</option>
  <option>3</option>
  <option>4</option>
  <option>5</option>
</Select>
```
